

Half Persian (3 in 1)

AR 3.9 – 4.3

1. Lay out three closed rings as shown

2. Add a new ring through the eye (TE) formed by the middle and left hand rings and round the eye (RE) formed by the middle and right hand rings.

3. Lay out another closed ring to the right of the right hand ring and underneath it.

4. Add a new ring TE of second and third rings and RE last ring. An alternate way is to add a closed (silver) ring to the gold ring before linking it TE of the second and third rings thus combining steps 3 and 4.

5. Repeat steps 3 and 4 to length required.

Finished chain.
